

# STRESS WITH JOBCENTER ??

Who hasn't experienced it: applications are not processed for months. **1000 letters** that nobody understands. **No money** or **too little money** for months. Requests for new documents that have already been submitted. Placement in temporary work and low wages instead of support for Ausbildung.

## THAT CAUSES STRESS AND MAKES YOU SICK.

That's why we're going to the Bremen Jobcenter head office and demanding **concrete improvements !!**

## YOU WORK AND THINK THIS DOESN'T AFFECT YOU?

**An attack on the unemployed is an attack on all of us!**  
We can all lose our jobs. If we then have to fear the lack of job security and increased poverty, that's a problem. The jobcenter pushes the unemployed to accept any job, no matter how bad. This makes it easy for companies to keep offering the lowest wages possible.

## **We fight for a better life for all !**
